PROFESSIONAL EXPERIENCE

Engineer – Procurement

Avalon Technologies

 08/2025 – Present  Chennai, India

- Direct end-to-end **Procure-to-Pay (P2P)** execution across SAP MM, processing **140+ monthly purchase orders (POs)** with **99.4% on-time material delivery**.
- Deliver **4–6% quarter-over-quarter cost savings** (\$45K+ annualized) through competitive RFQ price benchmarking and volume negotiations across authorized catalog distributors (DigiKey, Mouser).
- Serve as lead procurement coordinator for US client **Sienna Corporation**, managing shortage planning and tracking **60+ active BOM component lines** to maintain zero production line-downs.
- Implement and supervise **Vendor Managed Inventory (VMI)** agreements with 5 key component suppliers, improving inventory turnover rate by **18%** and cutting buffer holding costs.
- Manage international freight logistics with DHL, FedEx, and UPS, expediting customs clearance documentation to reduce transit delays by **22%**.

Graduate Engineer Trainee – Procurement

Avalon Technologies

 08/2024 – 08/2025  Chennai, India

- Executed daily operational purchasing routines, converting **80+ purchase requisitions (PR)** into approved POs per month in SAP MM with zero pricing discrepancies.
- Built automated Excel models using **XLOOKUP, INDEX/MATCH, and Dynamic Pivot Tables**, reducing supplier RFQ comparison turnaround time from 2 days to under 4 hours.
- Assisted in qualifying **12+ secondary sourcing vendors** for high-risk electronic assemblies, mitigating supply chain bottlenecks during peak production cycles.

Automation Test Engineer

Digixr Technology

 04/2023 – 04/2024  Coimbatore, India

- Developed and executed **150+ automated test cases** using Java, Selenium, and Cypress, decreasing regression testing cycle times by **35%**.
- Conducted strict data validation algorithms across enterprise database layers, instilling quantitative diagnostic rigor directly applied to supply chain data modeling.

EDUCATION

Bachelor of Engineering (B.E.) in Electronics & Communication

Velalar College of Engineering and Technology

2019 – 2023 • Graduated with First Class • Erode, India

Higher Secondary Certificate (12th Standard – PCM)

Navarasam Matriculation Higher Secondary School

Completed 2019 • Mathematics, Physics & Chemistry

SUMMARY

Results-driven **Supply Chain & Procurement Engineer** with 2+ years of hands-on experience driving global procurement operations, tactical sourcing, and end-to-end **Procure-to-Pay (P2P)** workflows for US-based manufacturing clients. Proficient in **SAP Material Management (MM)** and advanced MS Excel spend analytics, with a proven track record of delivering **4–6% quarterly cost reductions** through rigorous RFQ benchmarking, contract negotiations, and VMI coordination.

LANGUAGES

English (Advanced)

Tamil (Native)

SKILLS

PROCUREMENT & SOURCING

- Procure-to-Pay (P2P)
- Strategic Sourcing
- RFQ/RFP Analysis
- PR to PO Processing
- Price Benchmarking
- Supplier Negotiations
- Contract Compliance
- Cost Optimization

SUPPLY CHAIN & INVENTORY

- Vendor Managed Inventory (VMI)
- Shortage Analysis & Mitigation
- Safety Stock Management
- Production Line Continuity
- Total Cost of Ownership (TCO)
- SLA Performance Auditing

ERP & DATA ANALYTICS

- SAP MM (Material Mgmt)
- Advanced MS Excel
- XLOOKUP & INDEX/MATCH
- Dynamic Pivot Tables
- Spend & Variance Models

VENDOR & TECHNICAL TOOLS

- DigiKey & Mouser Catalog
- US Client Ops (Sienna Corp)
- DHL, FedEx, UPS Logistics
- Cypress Automation
- Selenium & Java
- Linux & Docker
